RIGHTS**

**LIBERTY**

# I VOTE FOR HUMAN RIGHTS

## What to ask Prospective Parliamentary Candidates if they knock on your door

Will their party:

- 1. Protect everyone's rights and freedoms** – by protecting our Human Rights Act and the UK's membership of the European Convention on Human Rights
- 2. Treat everyone with dignity and respect** – by rolling back discriminatory police powers and scrapping laws and powers that cruelly punish people living in poverty
- 3. Defend everyone's ability to challenge those in power** – by protecting our rights to protest and strike, and ditching Voter ID that stops countless people being able to have their say at elections.

Whoever you intend to vote for, demand that the next person who walks into No 10 respects everyone's human rights.
